---

Hi Tanya. If my schedule permits I may try to meet up with you and Betsy at the site during your below referenced site visit, if that would be okay. I've been to the Wildlife Refuge once before, but never to the site proper. I'll see if my TC would like to visit the site at that time also. - Jill

**Subject:** Rolling Knolls RPMs

Hello All,

Please welcome RPM, Betsy Donovan to the Rolling Knolls project team. Betsy manages several high profile Superfund sites in Region 2 and has been an RPM for more than 20 years. Betsy and I will both serve as RPM for the project during the next three months. Please include her on all project communications, document distribution lists, meeting invitations and other RPM related communications.

Please share this information with others in your organization as needed. We look forward to working together and plan to visit the site after Labor Day.

Regards,

Tanya
